## University of Louisiana Monroe, Alcohol Policy

The University is committed to the health, safety and well-being of each member of the University of Louisiana at Monroe community. In order to further student learning, development and success and to promote the University's academic mission, ULM fosters an environment of personal and collective responsibility and respectful citizenship. This means that all members of the university community – students, faculty, and staff – have a role in safeguarding a healthy learning environment free of the consequences of alcohol misuse. The University also strives to create a culture that supports students who do not use alcohol and students who use alcohol in a safe, legal and responsible fashion.

## Legal Background

Members of the ULM community are expected to abide by all federal, state and local laws. Including those governing alcohol consumption and distribution. Under Louisiana law, it is illegal for anyone under the age of 21 to purchase alcohol or to possess alcohol in a public space. It is also illegal for anyone to furnish alcohol to an individual under the age of 21.

While it is not the responsibility of most ULM officials to enforce state law, it is the responsibility of the University Police Department, and accordingly they enforce all state alcohol laws when they encounter violations. All community members should understand the law and, as individuals, ensure that they themselves do not violate it.

Furthermore, it is the responsibility of all University community members to ensure that the University does not, through their actions, violate the law. Accordingly, official University functions, including events held by Recognized Student Organizations, are not allowed to provide alcohol to those under 21 years of age, and no University funds may be used to purchase alcohol for that purpose. Violations of this requirement can result in both criminal prosecution and University disciplinary action.

## Responsible Alcohol Use

ULM students, faculty and staff are expected to behave responsibly, both in the classroom and outside, both on campus and off. The University is especially concerned about the misuse of distilled alcohol products (e.g hard alcohol) and the dangers that arise from that misuse.

All students should understand the physical and behavioral effects of alcohol misuse, and should avoid such misuse themselves. In addition, they are expected to do their part to ensure the safety of fellow students whom they perceive to be engaged in reckless drinking behavior or to be suffering from its consequences.

The University provides educational resources to assure that students, faculty and staff understand the effects of alcohol misuse and know how to respond when they perceive others to be engaged in dangerous behavior.

Students, faculty and staff are expected to make healthy, responsible choices concerning their personal use of alcohol and the University supports them in this endeavor through education and other resources. The University sponsors activities and programs focused on students who choose not to drink or to drink lightly, as well as resources and services to assist students who need help for themselves or others related to alcohol use.
